## BREAD CARE TIPS

Great bread is made without preservatives. Follow these tips to maintain your bread's fresh-from-the-oven goodness.

- If unsliced, keep loaf in a paper bag at room temperature.
- Once bread is cut, place sliced side down on a flat surface to retain moisture.
- To warm and recrisp, place unbagged loaf in a 350° oven for 10 minutes.
- For best results, immediately freeze any portion that will not be used within three days in a plastic bag for up to three months.
